Message from Chairman and CEO.

Dear Colleagues,

For more than 150 years, Australians have trusted the Bank of Queensland Group to help build a better, stronger future.

Our commitment to Building Social Capital through Banking is deeply embedded in our identity. Customers are at the heart of what we do, and by delivering exceptional and differentiated customer experiences, we will have a positive impact on the community.

BOQ Group's Code of Conduct (Our Code) represents our target culture, outlining who we are and what we stand for as an organisation. Our Code sets out how we put our values into action through a set of principles that set the expectations for our behaviour. It reflects our commitment to a culture that puts the customer first, and is outcomes focused and agile.

Our Code sets behaviour standards and expectations. Abiding by it and operating with integrity is everyone's responsibility. Our commitment to Our Code protects us and our stakeholders. Linked to our Values, it outlines key behaviours and supports informed, ethical decisions, building trust among our customers, shareholders and partners.

We recognise that leadership starts at the top. As a Board, we are committed to leading by example, communicating clearly and building trust through ethical behaviours. We role model effective governance, including board oversight, decision-making, and composition. Accountability is a key component of our strategy. Being accountable means that we stand by our decisions, learn from our mistakes, seek guidance and ask for help when faced with a difficult situation.

Our Code supports a workplace where everyone feels respected and safe to speak up if they see something that might contradict our policies. We will not tolerate retaliation against anyone who raises a concern. Each one of us shapes our culture through our words and actions. We strive to build a diverse and inclusive culture that embraces learning and fosters trust—a culture where every employee can do their best work.

We are committed to continuous improvement, regularly assessing and addressing the effectiveness of our strategy, conducting periodic reviews, and fostering dialogue to address emerging challenges.

As a BOQ team member, we encourage you to live our Values every day and strengthen our culture and behaviours abiding by Our Code of Conduct. Together we can build a strong and bright future for our people, our customers and the communities in which we operate.

Patrick Allaway, Managing Director
and Chief Executive Officer
